

Pulp-Tec is the leading manufacturer of moulded pulp in Europe. We develop and produce moulded fibre products from 100% waste paper. Together with our customers, we develop moulded pulp solutions from the initial idea and concept design through the prototype phase to the finished product.

Pulp-Tec produces outstanding and innovative products to the highest industry standards. As an ISO 9001 certified company, we place great emphasis on the quality of our products and the professional cooperation with our customers.

To lead our team in Bischofswerda (Germany) in our fast-growing company we are looking for:

Managing Director (m/f/d)

Your tasks: active, growth-oriented development of the company through a holistic strategy and its implementation • commercial control of all business areas as well as overall responsibility for the company's turnover and results • sustainable leadership as well as the motivation and development of your team

Your profile: You have successfully completed a commercial or technical degree; alternatively, you have comparable qualifications with a sound knowledge of business administration • You are a modern leader who makes and executes decisions independently with a high degree of entrepreneurial self-motivation • You develop the company strategically with entrepreneurial passion • You can inspire your team with your highly motivated and confident manner • You manage your company independently and have negotiating skills in German and English

Your perspectives: challenging and varied field of work in a strongly growing, sustainable company • short decision-making processes with a lot of personal responsibility • clear and transparent company hierarchy • a future-proof job with high development potential • high performance-related remuneration • a company car including private use

If you recognize yourself in the above mentioned, we look forward to getting to know you. Please send us your detailed application with details of your possible starting date.
